

For this puzzle, you will need the menu to the fictional Sports Brin restaurant, which can be found [here](#). [This passage](#) explains how to obtain the password to the menu and what to do with the menu once you can access it.

This puzzle was originally part of a larger puzzle hunt (i.e. a chain of puzzles) that I put together in 2017, which is why the linked passage (when deciphered) references a next puzzle. My [Promo CDs](#) puzzle came earlier in the hunt, and that puzzle itself can serve as a Rosetta Stone for this one.
